TM

Hazard Recognition Mgmt -
Work with a valid Job Safety Analysis (JSA).

Driving -
Understand risks (check tires, etc.) before driving and follow safe driving rules.

Energy Isolation (Lock Out/Tag Out) -
Verify isolation and zero energy before work begins.

Overriding Safety Controls -
Never override or disable safety critical controls.

Line of Fire -
Keep yourself and others out of the Line of Fire.

Lifting Operations -
Plan all lifting operations and control the area.

Working at Heights -
Protect yourself against a fall when working at height (≥ 4 feet).

Hot Work -
Control flammables and ignition sources.

Confined Space -
Never enter a "Permit-Required" confined space.

Stop Work Authority -
Stop any task or operation when needed.
